Susie Taylor
Centers for Medicare & Medicaid Services
7500 Security Blvd.
Mail Stop SLL-14-06
Baltimore, MD 21244

or
Fax to: 410-786-1905

The Campaign includes the following materials:

FLYER

The one-page flyer was designed for nursing assistants. It is a convenient reference that can be used as the basis of an in-service training. *Nutrition and Hydration Care: What Nursing Assistants Can Do* covers the basics: Unintended Weight Loss, Dehydration, Pressure Ulcers.

POCKET GUIDE & BOOKMARK

These handy cards contain the same information as the flyer. They are small enough to fit right in a pocket or notebook and are laminated to resist wear and tear.

POSTER

The poster reminds your staff to **Watch, Report, and Take Action!** It highlights all the basic warning signs and action steps. The poster would be a useful reference at the nurses station, in the break room, on the food cart, or in the kitchen
